

SNOW STORM PARKING PROCEDURE

Eagle Ridge Condominium:

During snow storms please park in the parking spots away from the building.

Once the storm is OVER, and IF the main pass thru the lots are clear, please move your car up close to the building so crews can clear the parking spots.

In some cases, if it is a small storm and another storm is coming in the same day or the next day, crews may leave snow in parking spots. This is especially true during the week when not many people are around.

PLEASE SHARE THIS WITH YOUR TENANTS AND/OR RENTAL AGENCIES.

Thank you for your assistance.
E.G. CHANDLER
